DO THE TALKING

Cure Medkin performed FIRST ARTHROSCOPY

Cure Medkin performed their first Arthroscopy procedure on 18 March 2019. The operating doctor was Dr S M Tladi, Orthopaedic Surgeon.

Cure Medkin supports little athletes

Cure Medkin had an opportunity to be part of the fun for the kindergarten crèche athletics day and sponsored the little ones with t-shirts.

Cure Bloemfontein keep an eye on things...

Cure Bloemfontein celebrated National Eye Awareness week by sharing a cupcake with all the Ophthalmology patients. This campaign is celebrated every year during October by providing free cataract operations to patients in need.

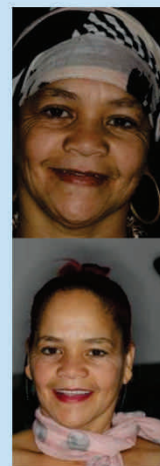

Cure Fourways grant a wish

Cure Fourways was part of the Highveld initiative 'We're giving Joburgers a boost, a break and a big reason to smile'.

Dr Vikash Naidoo, dentist at Cure Fourways, performed dental surgery for a patient in need.

Thanks to the Christmas Wish, Dr Vikash Naidoo and Cure Day Hospitals, Zelna Swart will be able to smile again.

Cure Bloemfontein ensures forward momentum

Cure Bloemfontein sponsored a wheelchair to an underprivileged student from Martie du Plessis Secondary School.

Always happy to help!

Good to note

More medical aids have increased their support to our day hospital concept. It is encouraging that medical aids are seeing the benefits of day hospitals and making healthcare more accessible to all.

WITH US YOU ONLY STAY FOR A DAY!

First Day Hospital Group to be awarded Prestigious accreditation by COHSASA for quality service at the Cure Day Hospitals in Paarl, Somerset West, Bellville and Bloemfontein.

HOSPITAL HIGHLIGHTS

EAST LONDON

Excitement towards the opening of the new Cure East London Hospital.

Dr Oscar Shimange and Bert Von Wielligh attended the first discussions regarding the new day hospital.

QUALITY + SAFETY

Where quality of care and the safety of our patients guides everything we do.

SAFETY WEEK

COMING SOON!

CURE EAST LONDON & CURE KLERKSDORP

Dr Botes with Dr Marie Janse van Rensburg (Anaesthetist)

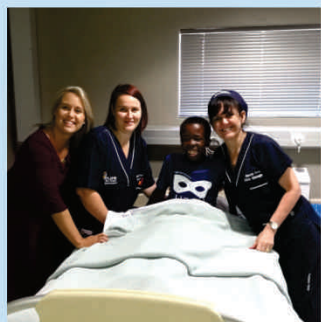

Cure Paarl will be celebrating its 7th year in 2019 and provides a valuable service to over 12 500 patients since inception. With a staff complement of 21 we offer a relaxing and comforting atmosphere to our patients. Our patient demographics includes patients from the Cape Winelands area and as far as Springbok.

We are continuously expanding our theatre equipment and recently purchased an arthroscopy set. Cure Paarl's first knee arthroscopy was performed by Dr Daan Botes an Orthopaedic surgeon from Paarl.

Dr Andre van Straten, Tarien Swanepoel
Tamara van Zyl and Charles Dippenaar

Cure Paarl hosted a CPD function on the 13 March with Dr Andre van Straten (ENT) and Tamara van Zyl (Audiologist). Med-el and Southern ENT made the event possible with their generous donation. Theme of the talks included the following; Otitis media externa – Updates in Management and Cochlear implants and the ageing population.

Cure Erasmuskloof helps a cool kid!

"In 2016 a cyst close to the size of a tennis ball was removed from child Dumi's (11 years old at the time) palate. Unfortunately, the whole cavity could not be closed and he needed to wear a plate to cover the cavity and prevent food from entering his nose and airway. He struggled to eat and lost a lot of weight. Dr Hermann Kluge and Cure Day Hospital Erasmuskloof changed his life when they operated on him pro deo and closed the cavity in his palate. This operation took place on Friday, 15 Feb 2019." – Amori (Smile of Joy)

On Wednesday, 13 March 2019, a short film was made in our Cure Hospital in Erasmuskloof.

Cure participated in OSSA's (The Ophthalmological Society of South Africa) National Eye Conference held at the Cape Town International Convention Centre that took place from 21-23 March 2019. Cure boasted with a beautiful stand at the conference, and fruitful networking took place with potential and current Ophthalmologists.

HOSPITAL HIGHLIGHTS

Cure supports future medical specialists

Cure sponsored the **Tuks Medical Students Health Day** which will be hosted on 13 April 2019. We are proud to support such initiatives and to support the community as well the future generation of medical specialists.

"Dear Thoulla
Thank you very much. Tuks FoMSF would not be able to host this event without the generous donations of Cure.

Kind Regards
Michelle Roux"

WE VALUE YOUR FEEDBACK

“

CURE BELVILLE

What an amazing experience.. Thank you super much for arranging everything and Amir is a magician. From the moment I walked into the hospital until my departure I received 5 star care and everything went like clockwork.. I have nothing but praise and thanks for the whole team involved and could not be more impressed.. What an absolute pleasure this has been.

Thanking you again most kindly!"

“

CURE FOURWAYS

I would like to compliment you all on the wonderful service received. From the start - dealing with Ignatia at Reception was an absolute pleasure - super efficient and very friendly and helpful in every way. The nurses in attendance were Sandra, Rose and Janene. Each staff member was extremely professional, attended to their tasks quickly, efficiently and with pride, and were all very caring and kind to my son.

Thank you to you all - you have a fantastic group of people at the Cure Day Clinic. We highly appreciate the way in which we were treated and cared for.

My very best regards

“

CURE MIDSTREAM

Ek was gister n pasiënt by julle en soos dit maar gaan is n mens onderliggend bang en soms negatief maar na gister kan ek net sê: BAIE BAIE DANKIE.

Ek wil nie een persoon uitsonder nie want elkeen in eie reg was vriendelik, empaties en het presies geweet wat om te doen maar meer belangrik is dat ek ervaar het hulle is bereid om die ekstra myl te stap. Iets wat in vandag se tyd maar min gebeur.

Dra asb my dank aan almal oor en wees verseker dat ek julle sal bemark op grond van my eie positiewe ervaring. Seën vir julle taak.

“

CURE SOMERSET WEST

Ek was gister, die 29ste Januarie 2019, 'n "gas" in jul instelling vir die verwydering van 'n velkan-kerletsel agter my regteroor. Ek wil met hierdie briefie net dankie sê vir die top gehalte diens wat ek ontvang het gedurende my verblyf van ±5 uur in die hospitaal – vanaf 06:45 tot so 12:00.

Vanaf die veiligheidsag by die voordeur wat vriendelik "Môre" gesê het en vinnig 'n rolstoel vir my gereël het, deur na die dames by ontvangs, die saalpersoneel – die verpleërs, die dame wat vir my en my vrou na die prosedure 'n koppie koffie en 'n broodjie gereël het en diegene wat al die nodige vorms voltooi het – en die teaterpersoneel was te alle tye vriendelik, proffesioneel en gerusstellend. Hierdeur is, wat nogal 'n traumatiese gebeurtenis vir ons was, meer aanvaarbaar en gerusstellend gemaak.

BAIE DANKIE aan die hele personeel wat gisteroggend aan diens was. Dit is mense soos julle wat traumatiese gebeurtenisse meer verwerkbaar maak.

CURE PAARL

Ek was gister n pasiënt by julle en soos dit maar gaan is n mens onderliggend bang en soms negatief maar na gister kan ek net sê: BAIE BAIE DANKIE.

Ek wil nie een persoon uitsonder nie want elkeen in eie reg was vriendelik, empaties en het presies geweet wat om te doen maar meer belangrik is dat ek ervaar het hulle is bereid om die ekstra myl te stap. Iets wat in vandag se tyd maar min gebeur.

CURE MIDSTREAM WELCOMES
